About Me

I have been working as a professional editor and videographer for the past eight years, during which I have developed a comprehensive skill set in both creative and technical aspects of video production. My portfolio spans a wide range of projects, including fashion reels, documentaries, multi-camera productions, music videos, and dynamic short-form content such as TikTok-style videos. This diversity has equipped me with the ability to adapt to different visual styles, storytelling approaches, and audience expectations.

My editing setup is designed to handle large and complex media pipelines efficiently, enabling me to manage high-resolution footage, multi-layered timelines, and collaborative workflows without compromising on quality or deadlines. I possess advanced proficiency in industry-standard software, including Adobe Premiere Pro, DaVinci Resolve, and Adobe After Effects, and I am adept at using communication and review platforms such as Frame.io and Dropbox to streamline feedback and project delivery.

Through my experience, I have developed a meticulous attention to detail, a strong understanding of visual pacing and narrative flow, and the ability to work effectively under pressure to meet tight deadlines while maintaining creative integrity.

Work Experience

Lead Video Editor
Mar 2019 – Present
